

Tells How Farmers Have Been Benefitted By Western Wheat Pool

Kansas City, Mo.—Benefits which have accrued to the farmers of Saskatchewan through the formation of the Saskatchewan Wheat Pool were outlined to the international wheat pool conference here by Premier James G. Gardiner of Saskatchewan. In a speech which was well received, the Premier also suggested that the pooling system might be of great benefit in other parts of the continent.

"Measured by cost of shipment and percentage of crop which is exported, Saskatchewan is better removed from its market than any other of the great wheat producing areas of the world. We are one of the great wheat producing areas. The province of Saskatchewan has produced as much as 271,600,000 bushels of wheat in one year with a population of 800,000 and an acreage of 17,700,000. That is an average of 21 bushels per acre or 310 bushels per head of population. Of that amount 241,500,000 was exported from the province, the greater part of it going to Liverpool. The total exportable surplus of the United States during that same year was 156,500,000 bushels. With our 800,000 people we produce more than one half of all the wheat grown in the Dominion of Canada and every bushel of it is hard spring wheat.

"About 80 per cent. of our farmers and about the same percentage of our acreage is situated in the contract wheat pool. Ever since the wheat pool was formed I have marketed all my own wheat through the pool. The Government has signed up the institutional farms in the pool. In other words, our people are sold to the contract pool and their Premier and Government agree with them that it is necessary to bring about prosperity within our province.

"Whether the wheat pool remains the permanent method of marketing our wheat or not, it has proved a Godsend in the form of a steady influence in the province of Saskatchewan. It has caused us to look into the future with a renewed optimism and a spirit based upon the confidence inspired by having done something worth while for our selves."

Will Attempt Return Flight

British Airman Plans Trans-Atlantic Trip in Ordinary Seaplane

London.—The Evening News says that within the next few weeks one of the best known British airmen will attempt to fly to Canada and back in an ordinary seaplane.

Besides two pilots and a navigator, the plane will carry a passenger who will pay his own fare.

It will be the first east to west air trip between Europe and North America, the first return flight and the first passenger-carrying flight, the paper says.

The outward trip will be by way of the Azores, where the plane will refuel. The return from Montreal will be direct to England.

The name of the airman is not given and the paper says all plans are being kept secret.

Undertakes New Duties

London.—Lord Lovat, who has had a distinguished military career both in the South African and the Great War, has undertaken the duties of parliamentary under-secretary for the Dominion, which office includes the chairmanship of the overseas gentlemen committee.

French Cruiser Launched

Brest, France.—France's new 10,000-ton cruiser Suffren, constructed in accordance with the Washington naval accord, has been launched. The vessel has a speed of 33 knots, carries three hydroplanes and possesses a powerful anti-aircraft battery.

Makes New Air Record

Scottsbluff, Ills.—A new world's altitude record for free balloons apparently established by Captain H. S. Gray, who ascended approximately 11,000 feet, according to his altimeter reading. The previous record of 37,433 feet was made 26 years ago by two German aeronauts.

Carillon Being Inspected

Ottawa.—The carillon bells and clock for the Victory Tower in the Parliament Buildings are now being inspected at Craydon, England, on behalf of the Canadian Government, by L. C. Mayer, of Westport Academy, N.Y., continental expert.

Directors for Ensuing Year Elected at Toronto Meeting

Toronto.—The annual general meeting of the Canadian Press held here, elected directors for the ensuing year as follows:

Maritime—W. H. Dennis, Halifax Mail; Howard Robinson, St. John Times-Globe.

Ontario and Quebec—Henri Gagnon, Quebec Soleil; John Scott, Montreal Gazette; E. J. Archibald, Montreal Star; E. Norman Smith, Ottawa Evening Journal; H. W. Anderson, Toronto Globe; W. J. Williamson, Toronto Mail and Empire; W. R. Preston, Brantford Expositor; A. R. Ford, London Morning Free Press.

Manitoba—E. H. Macklin, Manitoba Free Press; M. E. Nichols, Winnipeg Tribune.

Saskatchewan—Barford Hooker, Regina Leader.

Alberta—J. H. Woods, Calgary Herald.

British Columbia—F. J. Burd, Vancouver Province.

At a subsequent meeting of the newly elected board of directors, officers for the year were re-elected as follows:

Honorary president, E. H. Macklin; president, J. H. Woods; first vice-president, John Scott; second vice-president, Henri Gagnon; general manager and secretary, J. E. H. Livesey.

Cattle Law Not Authorized

British Cattle Men Protest to Government Against Delay

London.—A number of resolutions passed by borough councils, protesting against the delay in authorizing importation into Britain of non-tubercular Canadian cows and heifers, have been received by the Government.

This was the reply to questions in the House of Commons made by Sir Harry Barnston on behalf of the Minister of Agriculture.

Sir Harry further said the minister had not the slightest intention of altering his decision not to permit the admission of non-pedigreed breeding cattle from Canada.

The questioner referred to the opinions of Chief Medical Officers and chief veterinary officers to the effect that it was very dangerous to introduce Canadian heifers to Britain because they were much more prone to tuberculosis than British heifers. Another member asked whether the understanding reached at the 1923 Imperial conference was that the only cattle to be imported were pedigree stock and not cows and heifers.

More Letters Written

Reduction in Postage Rates Increases Volume of Mail Matter

Ottawa.—The establishment of penny postage in Canada has had the effect of cutting down the revenues but, also, of increasing the volume of mail matter.

The revenue from letters prior to the reduction on July 1 last was roughly \$18,000,000 per year. The reduction from three to two cents applied to the same volume of business would therefore cut the receipts by \$6,000,000. The showing, however, promises to be much more favorable.

Represents King, Not Government

Cape Town, South Africa.—Replying in the House of Assembly to a question by General J. C. Smuts, leader of the South African Party, Premier J. B. M. Hertzog announced that in pursuance of a resolution passed at the Imperial conference, the governor-general of South Africa from July 1, 1927, would cease to act as the representative of the British Government and become merely the representative of the King.

A National Policy

Blackpool, Eng.—That a national policy on emigration and birth control was urgently required, was the tenor of a resolution passed by a large majority by the Women's National Liberal Federation, in convention here.

Exhibit From B.C.

Ottawa.—British Columbia, home of the champion of all champion hens, is sending a live bird exhibit one thousand strong to the world's poultry congress at Ottawa this summer.

Whaling Fleet Prepares

North Pacific Fleet Conditioned for Season's Operations

Victoria.—The North Pacific whaling fleet is now being conditioned for the summer's hunting expeditions off the coast of Vancouver Island and Northern British Columbia and by the middle of May all the vessels will be at sea, scouting for the giant mammals.

Earl in May four of the little steel steamers of the Consolidated Whaling Company's fleet will leave port for Rose Harbor, the base of the whaling operations at Queen Charlotte Islands, and a few days later the Naden harbor station will be opened with two more craft operating out of that port.

Begin Hike Around World

Second Trip For New York Man Will Occupy Ten Years

New York.—Marcus Barone, hiker, who has made one journey around the globe afoot started another, accompanied by a shepherd dog.

Barone hiked from 1912 to 1927 to make his first trip. He plans to spend 10 years on the second. Man and dog carry packs on their backs and sleep in the open every night. The dog wears shoes.

They will go first to Canada and thence to Alaska, traversing China, Japan, India and Persia, not returning until they have visited every country in the world. Barone will work his way across oceans.

DEBT PAYMENTS HEAVY DRAIN ON GREAT BRITAIN

London.—Expressing great misgivings because of the divergence of opinion and estrangement of sentiment growing up in regard to the war debts, the British Government, in a note to the United States, challenged the accuracy of the statement of March 17 by Andrew W. Mellon, secretary of the United States treasury, that Great Britain's debt payments to the United States will not constitute a drain on British economic resources.

Citing what the British Government regards as errors and inaccuracies in Mr. Mellon's statement, the note expresses "trust that the United States Government will take steps to remove the unfair impression that has been created" by the issuance of Mr. Mellon's statement.

The note, which was delivered to Secretary of State Kellogg, by H. G. Chilton on behalf of Ambassador Howard, who is absent from Washington, takes up the specific position of Great Britain on war debts as mentioned by Secretary Mellon in a letter to Dr. John G. Hibben, president of Princeton University, in reply to a statement by Dr. Hibben and 116 members of the Princeton faculty. This latter statement endorsed the open letter of the faculty of political science of Columbia University, recommending reconsideration and revision of the debts settlement made with the former allies of the United States.

GOVERNOR-GENERAL VISITS WINNIPEG

His Excellency Viscount Willingdon, Governor-General of Canada made his first official visit to Winnipeg on Saturday afternoon, April 23rd, and he received an enthusiastic reception from thousands gathered in front of the station of the Canadian National Railways and lining both sides of the route along Main Street to the City Hall.

The photograph shows the viceregal party on the platform of the station immediately after the arrival of the train. From left to right those in the group are: Viscount Willingdon, Lady Willingdon, and His Honor T. A. Burrows, Lieutenant-Governor of Manitoba.

PLAN EXCHANGE OF GREETINGS FOR DOMINION DAY

Ottawa.—Acting on behalf of the national committee for the celebration of the jubilee of Confederation, Right Hon. Senator George P. Graham, chairman, is arranging for a unique exchange of greetings, which will serve on July 1 to emphasize the unity which exists throughout the Dominion. The committee, in the first place, urge that on the morning of Dominion Day, wherever celebrations are held, the message of His Majesty the King shall be read. In addition, Senator Graham has suggested to His Excellency Viscount Willingdon that there be an exchange of telegraphic greetings between himself and the Lieutenant-Governors of the provinces. To the suggestion His Excellency has cordially acquiesced as have the Lieutenant-Governors.

In order that the chain of greetings may be complete it has also been suggested that the Lieutenant-Governors exchange greetings with each other, and that there shall further be an exchange between Premier King and the Premiers of the nine provinces of Confederation.

Moslem Women Revolt

Fifteen Thousand in Parade Burned Veils in Public Square

Moscow.—Thousands of Moslem women in Russia Turkistan seized the May Day celebrations as an opportunity to declare a revolt against the tyranny of the veil, say advisers received from Samarkand.

Fifteen thousand women paraded unveiled in Samarkand. At Tashkent, in the presence of 25,000 persons, the defiant women throw their veils in a heap in the public square and burned them amid cheers and groans from the spectators.

At Khokland 150 veils were burned.

Cruiser and Subs for Sale

Formerly Part of Canadian Navy Are Now Obsolete

Halifax, N.S.—Tenders are being called by the Dominion salvage office for the purchase of I.M.C. cruiser Aurora, and two submarines, Nos. 11 and 15, now considered obsolete, formerly a part of the Canadian navy. The cruiser and submarines have been laid up at the dockyard here for some years, and are now thrown open for the inspection of prospective purchasers. Tenders close on May 30. The Aurora and the two submarines were presented to Canada by the admiralty shortly after the conclusion of the war.

Goes to Privy Council

Victoria.—Decisions of the three Canadian courts declaring the British Columbia fuel oil tax unconstitutional will be appealed to the Imperial privy council by the provincial government in July, it was announced today. Leave to take the case to higher court in the British Empire was asked here by the Privy Council this morning.

Wedded to His Post

Premier Ferguson of Ontario Has no Designs on any Public Position

Cooksville, Ont.—"I have no designs on any public position," Premier Howard Ferguson stated in an address here to Peel County Conservatives gathered in compliment to Colonel T. L. Kennedy, member of the Legislature, and Sam Charters, member of the Dominion House.

The Premier made the statement, so he said, to lift the suspicions of the "acute-eyed young gentlemen of the press," who had read in recent speeches of his the "mixed purpose" of making overtures to Ottawa.

Later in his address the speaker made another reference to the subject. Following a review of his policy of making "new men from wayward boys," and of making life brighter for the youth born under physical handicaps, the Premier added:

"Things like these are what wed me to the Province of Ontario and its service, instead of seeking wider fields where I would not be as happy and contented."

Will Set Fruit Prices

Selling Method of British Columbia Board Should Benefit Consumer

Winnipeg.—Prairie housewives will pay no more for their fruit this year than in other seasons, declared P. M. Black, former provincial treasurer, and now chairman of the board of control, which will fix minimum prices for all British Columbia fruits and vegetables and issue licenses to shippers. Mr. Black, who has just returned from the Coast, said the scientific method of selling under the British Columbia board should benefit the consumers. The growers of the Coast were solidly behind the new scheme, he said, since they believe it offers a way out from their difficulties caused by years of disorganized marketing.

Developing Idea of Universal Insurance

Vancouver Liberal Believes System Will Soon Be Leaving Plank of Party

Vancouver, B.C.—Prediction that within a short time the outstanding policy of the Liberal party of Canada would be a scheme of universal public insurance covering not only old age pensions but also maternity benefits, invalidism, accident and unemployment, was made by Captain L. A. McKenzie, M.L.A., in addressing the Vancouver South Liberal association. The foundation for such a policy had been laid by Sir Richard Cartwright many years ago with such an annuity scheme, he said. The leaders of liberalism in Canada had since developed the idea until the logical outcome must be a universal insurance scheme.

HON. J. A. ROBB STARTED LIFE AS A MILLER'S BOY

Kingston, Ont.—Hon. J. A. Robb, Minister of Finance, today was in a mood of confessions. He told the students of Queen's where he received the honorary degree of LL.D.—how narrowly he escaped becoming a preacher and how, as a miller's boy, he once took toll of the farmers' grist.

"At the age of 16," said Mr. Robb, "I was foolish enough to leave the high school, after refusing the very kind offer of my father's friend, a clergyman, who, having no children of his own, offered to pay all my expenses through Queens, providing I would agree to enter the ministry and become a preacher. But I did not lean that way, feeling then as I do now that I was not good enough to preach the gospel to others. And so I left the farm with its contents, its joys, its drudgery and its great independence, to learn a trade and make a living as a dusty miller."

Mr. Robb turned the pages of another chapter. "During the first years in the mill," he went on humorously, "my duty was to sweep the floors and toll the farmers' grists. Now my duty is to toll the taxpayers of Canada and sweep in all the taxes they can't dodge."

Mr. Robb urged that in their studies of national problems, the students of Queens should study human nature more than geography and statistics.

He pressed that national unity was the special duty of jubilee year, that all should work for a greater and better Confederation—a Confederation not of land but of people.

U. S. Government Will Provide Credit To Assist Agriculture

Regain Nationality By Year's Residence

Special Provision for Canadian Born Persons Naturalized in States

Ottawa.—Canadian born persons who have been naturalized in the United States and have returned to Canada may now be readmitted to British nationality after one year's residence in the Dominion.

Former Canadians, however, must furnish convincing evidence of their intention to reside in Canada by the acquisition of property in this country and by the submission of an affidavit or statement that they propose to stay here.

This is the gist of an order-in-council making a special provision in respect to Canadian born persons who have become naturalized in the United States.

Under the old provision of the Naturalization Act, five years' residence in Canada was a requisite before readmission to British nationality could be granted.

Season Late in B.C.

Fruit and Vegetable Growers Are Worried Over Weather Conditions

Vancouver.—The Province says: "Lateness of the season is beginning to cause uneasiness among fruit and vegetable packers."

"It is pointed out that last year they began packing gooseberries during the first week in June and continued afterward with cherries and then strawberries."

"This season, with nearly a week of May gone, there is practically no progress being made in the development of the fruits. Little growth has taken place inside the past month and even though warm weather were to come immediately, the ripe crop would not be available until toward the end of June."

"The lateness of the vegetable crop is being viewed with the same concern and fears of low yield."

Brandon Flood Sufferers

Winnipeg.—Flood sufferers who were forced to abandon their homes along the "flats" at Brandon, Man., when the Assiniboine River overflowed its banks, will be aided by the Manitoba division of the Red Cross. After investigating conditions at Brandon today, Major J. W. Forbes, provincial Red Cross commissioner, stated a sum of money would be set aside for the flood victims.

Consul General to Retire

Ottawa.—Hon. John G. Foster, United States consul-general at Ottawa for more than 23 years, is retiring July 1 of this year. It was made known here it is understood his successor has been selected, but no public announcement of his name has yet been made.

SUNDAY SCHOOL LESSON

MAY 15

PETER AT PENTECOST

Golden Text: "Repent ye, and be baptized every one of you in the name of Jesus Christ unto the remission of your sins; and ye shall receive the gift of the Holy Spirit."—Acts 2:38.

Lesson: Acts 2.

Devotional Reading: Philippians 2:5-11.

Explanations and Comments

1. The Coming of the Holy Spirit at Pentecost, verses 1-4.—Before He left His disciples Jesus gave them a great commission. They were to convince others that He is the Son of God, that He lived and taught as only they could fully testify, that He willingly suffered death on the cross for the salvation of the world, and that He had arisen from the dead and ascended into heaven. "Jesus Christ and the power of His resurrection" was a truth which the world would not readily accept. Only through power given them from on high could these men accomplish their great task.

On the Day of Pentecost that power came. There was a sound as of wind and an appearance as of fire—symbols of the Holy Spirit. The disciples found themselves praising God in words that sounded strange to them. The important fact was that they then realized that the Spirit of God had come into their hearts, that He was to abide with them as their Strengthener and Helper, to inspire and guide them in the work of making the Christ known to the ends of the earth.

"The Holy Spirit is just God making man understand Him, God making Himself intelligible to men, God speaking to each kind of man in his own tongue."—John Keiman.

Kansas City, Mo.—Unlimited credit at low rates of interest payable over a long period—25 or more millions from the federal government for cooperating marketing of grain—that was the alluring picture presented by William Jardine, federal secretary of Agriculture, in his address before the international wheat pool conference banquet here. The delegates cheered the remarks wildly.

"Whenever you are ready and know what you want, come to Washington and ask for 25 or more millions at a low rate of interest to be paid back over a long period of years so that you do not have to go to the banks and sign a note. You will have no trouble in getting it. Do not worry, but come to Washington," he urged them.

These were the words of the head of the agricultural department of the United States Government. Further he continued:

"I say to you this administration is anxious to help you but you must know where you are going and what you want."

"You can see what progress our friends in Canada have made. We at Washington are willing and anxious to help you solve your problems but don't talk of a world wheat pool selling agency until you set your house in order. You have complete access to all the machinery the Canadian pool members have worked out. You can profit by their experience. This is the message I bring you from Washington tonight."

Want "First Canadians" To Help Celebrate

Indians and Eskimos Will Take Part in Jubilee of Confederation

Ottawa.—It is anticipated that Indians and even Eskimos will in many centres of Canada take a prominent part in the forthcoming celebration of the jubilee of confederation.

It is regarded as highly desirable that as many of these "first Canadians" as possible shall take part in the celebration of the 60th birthday of Confederation. All applications from local committees for participation by the Indian people will be conducted by the department, it is said.

Excepting in the more or less settled points at Akavik, Arctic Red River, and other places on the Mackenzie, it is not expected that the Eskimos will take much part.

The suggestion thrown out by the national committee for the celebration that a maple tree be planted on July 1 at every point where celebrations are held is meeting with lively response. Already a very large number of committees have the matter in hand and are selecting the most suitable spot for the planting of "confederation trees." The practice, it is believed, will be widespread.

Heads Grain Board

Leslie H. Boyd Appointed for Another Period of Ten Years

Ottawa.—On the recommendation of the Minister of Trade and Commerce, the Government has appointed for another period of ten years Leslie H. Boyd, K.C., as chairman of the Board of Grain Commissioners with headquarters at Fort William. Mr. Boyd's salary is fixed at \$10,000 per year. Before going to that position in 1917, Mr. Boyd was a prominent lawyer in Montreal.

Some efforts to have him replaced by a western politician were made some weeks ago, but were not entertained and the reappointment was not unexpected.

B.C. Horses for Russia

Victoria.—British Columbia horses will be shipped to Russia shortly under plans announced by Russian purchasers who arrived in Kamloops, to confer with local horse breeders. Several thousand animals will be bought by the Russians in this province if this number can be secured. They will be shipped via Montreal.

Barely Escapes Train Wreck

Seville, Spain.—Only a few minutes after the royal train bearing the Prince of Wales and the Spanish sovereigns to Madrid had passed the point, a train wreck occurred at the station of Palma Rio. Two persons were killed and four injured when the Andalusian express collided with a freight train.

Sixty Years of Canadian Progress 1867-1927

Brief History—Diamond Jubilee

(Continued from last issue)

A second cause was a note given by the United States, that the reciprocity treaty would be abrogated, thus forcing Canada to look for new channels of trade. A third was the intimation from the British Government that Canada must, to a large extent, provide for its own defence. These things made confederation a practical instead of an academic question. In 1861 a Coalition Government was formed in Canada for the purpose of negotiating the confederation of the British North American provinces failing which, they undertook to apply the federal principle as between Upper and Lower Canada. This Coalition Government, of which Sir E. Tache was the head, included John A. Macdonald and George Etienne Cartier, together with Geo. Brown, Oliver Mowat and William McDougall as representatives of the opposition.

Meanwhile a somewhat similar movement was taking shape in the Maritime Provinces, where there were three governments and three Legislatures in an area far smaller than either Upper or Lower Canada. The Legislatures of these three provinces authorized their governments to hold a joint conference to discuss the possibility of a union of three provinces under one government and Legislature, and this conference met at Charlottetown on Sept. 1, 1864. The Canadian Government having learned of this conference, asked for and received permission for its delegates to attend and present their point of view. They did so and prevailed upon the representatives of the Maritime Provinces to adjourn their conference and meet at Quebec to discuss the federal union of all the provinces rather than the legislative union of the Maritime provinces only. At this second conference Newfoundland, as well as Canada and the Maritime Provinces were represented. The Quebec conference met on October 10, 1864, and continued until October 22. The resolutions which it accepted were later incorporated in the British North America Act. These resolutions, 72 in number, were laid before the Legislature of Canada at the following session and approved by a vote of 91 to 23. In the Maritime Provinces, however, the reception which the resolutions received was not so favorable. In New Brunswick the confederation policy of Mr. Tilley was defeated in a general election and in Nova Scotia the opposition was so strong that Dr. Tupper, the leader of the government, fell back on the original proposal of the Maritime opinion. However, the situation gradually im-

proved, and on April 17, 1866, the Nova Scotia Assembly, by a vote of 19 to 10, authorized the appointment of delegates to arrange with the Imperial Government a scheme of union which would safeguard the rights and interests of the province. After another general election in New Brunswick a similar resolution was passed there on June 30, 1866, by a vote of 13 to 8. The delegates of Canada, of Nova Scotia and New Brunswick met at the Westminster Palace Hotel in London on December 4, 1866. Prince Edward Island and Newfoundland not being represented. The resolutions of the Quebec conference were taken up, considered, rewritten, amended, certain particulars and adopted new amendments granting more favorable financial terms to the Maritime Provinces. The title desired for the new confederation by the conference was the "Kingdom of Canada," but this was disallowed on the ground that the name "Kingdom" might not be acceptable to the people of the United States and the name Dominion was substituted. The resolution as amended by the London conference was now passed by the Imperial Parliament as the British North America Act, receiving the Royal Assent on March 29, 1867. On May 22 was issued the Royal proclamation, uniting the provinces of Canada, Nova Scotia and New Brunswick into one Dominion under the name of Canada and on July 1, 1867, the Dominion commenced to exist.

Diamond Jubilee Inspires Song

At The Canada Jubilee
WALTZ SONG
BY GORDON V. THOMPSON

GORDON V. THOMPSON.

Mr. Thompson composed this new song recently while staying at the Chateau Frontenac at Quebec. Here at the very birthplace of Canadian history Mr. Thompson felt the urge to write something that would express the joy of Canadians at the coming great event. Having produced "As Canada Jubilee" Mr. Thompson felt that another song, expressing the optimistic sentiments of Canadians, would be exceedingly appropriate. "Land of the Day-to-Morrow" was the result of this inspiration which the composer feels expresses the optimism of the future throughout Canada at the present time.

TOWN AND DISTRICT

Gleichen Chautauque June 22 to 28

The regular K. P. meeting will be held next Monday. A full attendance is requested as important business will be dealt with.

Miss Young has arranged to hold her annual Musical recital in the Gleichen Community Hall on Friday, July 10th.

[Chautauque] guarantors are advised that they can obtain their tickets at Shuback and Brown's store on Saturday, May 4th.

The Gleichen Canadian Club has arranged to have Hon. R. B. Bennett speak at a luncheon some day next week. The exact date has not been set as Mr. Bennett is in the east at present, but will be between June 6th and 10th.

The arrival of another fine baby boy at the home of Alderman and Mrs. J. A. Menard last Saturday May 28th, is announced. All are doing nicely, although dad would have preferred a girl this time—four boys is pretty good, Ed.

The Canadian Government has been numbered among the latest purchasers of the new fast duty General Motors to a report received at the factory at Oshawa. The Department of Militia of the Dominion has purchased eight one-ton model T-30 while the Department of the Interior has purchased one of the two-ton model T-30 and five of the two-ton model T-40 General Motors trucks all powered with six-cylinder Buick engines.

Some of our Indian boys discovered a nest of coyotes on Tuesday evening containing a brood of 10 pups. They left them for the night and going back Wednesday morning found it had hit the trail. They secured these and got J. A. Menard to phone C. J. P. for Ranch, Calgary, who purchased the bunch for \$5.00 per pup. The boys sent them up in the afternoon train. Coyotes intend to raise them with care it will be an interesting experiment.

SURPRISE PARTY

On Friday evening May 27, Mr. and Mrs. J. A. Menard were entertained at a pleasant surprise party at the Living Spring school, in honor of their 20th wedding anniversary. About 60 people, friends of the honorees, were present. Cards and dancing were enjoyed. The card prizes were awarded as follows: Ladies' 1st prize, Miss A. Vaillette. Gentlemen's 1st prize, Mr. J. A. Menard. Consolation Prize, Miss E. Bowman. The music was provided by Miss E. Goggin, and Messrs. Corbelle and L. Goggin.

Mr. and Mrs. Menard were the recipients of many beautiful gifts, the donors being: Mr. and Mrs. F. Corbelle; Mr. and Mrs. J. Corbelle; Mr. and Mrs. J. McLeod; Mr. and Mrs. C. Bennett; Mr. and Mrs. L. Pifer; Mr. and Mrs. W. Mathison; Mr. F. Bennett; Misses N. Blackburne; H. Bennett, and N. Legger.

Mr. Menard's gift to Mrs. Menard was a handsome wrist watch. Mrs. W. Mathison and Miss N. Legger, hostesses of the evening, were assisted by Mrs. L. Pifer and Misses N. Blackburne and E. Prowse.
